FIRST EARLY SHIPMENT. We import by ***Fast Steamer*** a part of our Roman Hyacinths, Freesias and Paper Whites needed for ***Thanksgiving*** and ***Christmas Trade.*** By doing this, we put these bulbs in your hands ***two weeks earlier*** than any Dutch or American dealers, whose shipping arrangements compel them to hold back stocks to complete ***entire orders,*** whether from France or Holland. Order of Vaughan and get ***time*** deliveries.

QUALITY. All Bulbs bought of us will be A No. 1. Please inspect closely when received.

INSPECTION. We ship no plants or bulbs in original cases without ***inspection.*** We invite the most critical inspection on arrival, and customers are not expected to keep or use any that are not as represented herein.

REPLACEMENT. If any of our stocks open up poorly upon arrival, ***we can replace*** them with satisfactory stock within five days, at original prices. Rejected stock from Europe cannot be replaced under six weeks, or must be repurchased here at advanced prices after annoying delays.

TERMS

To customers of approved credit, SIXTY DAYS. Special 3 per cent discount for cash in 30 days from price list only, not from "Special" quotations and excepting NET CASH items.

WE DO NOT WARRANT in any way, expressed or implied, the contents or the description, quality, productiveness, or any other matter of seeds, bulbs or plants sold by us, and will not be in any way responsible for the crop. If the purchaser does not accept these goods on the above terms, no sale is made thereof, and he must return them at once and money will be refunded. Subject to the above conditions and by reason thereof, we make this sale at the moderate prices at which we sell our goods.

FRENCH ROMAN HYACINTHS

FRENCH ROMAN HYACINTH

THE EXPERIENCE in purchasing for fifteen years by our company the largest quantity of French bulbs brought to this country, teaches us where to buy, when to buy, and from whom to buy, and we refer you to customers who have ordered through us all these years for their average uniformly good quality, moderate prices and early, carefully cared for deliveries.

Inspect prices given you. Weigh and compare Vaughan's quality.

TO OUR CUSTOMERS

We ask most critical inspection of bulbs on arrival, and if not sound, solid, and apparently first-class, we ask that they be held for our disposal and that we be allowed to send others. Regarding flowering: while we cannot and do not guarantee this, we will, if shown to a certainty that the bulbs themselves are at fault, credit the customer with the amount paid. If bulbs are delayed by railroads customers should make claims at once.

DUTCH HYACINTHS FOR CHRISTMAS BLOOM

We are importing this year a moderate stock of named Hyacinths prepared under what is known as "dry treatment" to induce early flowering. We are well assured that these bulbs can be forced for the Christmas trade. The size of the bulbs is from 13 to 16 ctm. and are said to produce fine stalks with good stems and well developed foliage for the above date. If they do not come in so early, the price will be reduced to the price of the second size named bulbs. We are importing the following named varieties:

In White—L'Innocence, Arentine, Arendsen.
In Red—Garibaldi. In Pink—Maria Cornelia.
In Blue—Grand Lilas and Potgieter.

PRICE—Dozen, 75c; 100, $5.00

DUTCH ROMAN or MINIATURE HYACINTHS

Be sure to use the Name "Dutch Romans" in ordering.

Our ***Dutch Romans*** are picked bulbs of even size, and will all give large flowers. We make a specialty of these in named varieties, and our prices on same are low for the grade we furnish. Especially desirable for growing in pans for ***Easter Sales.*** Note especially our special of seven best kinds.

Narcissus Paper White Grandiflora

In placing our contracts with French growers we are careful to secure the largest bulbs that are obtainable, and the grade of these which we offer under the name of "Star Brand" is the choicest stock to be had in France, and we are only able to obtain each year a limited number of them. Our experience has been that they are well worth the difference in price over the smaller grades. However, the quality which we offer under the heading "Fancy" is a select grade from the general stock.

Paper White, Grandiflora, Vaughan's "Star Brand" (about 1000 bulbs in a case), per 100, $1.75; per 1000, $11.00.

Paper White, Grandiflora Fancy (about 1250 bulbs in case), per 100, $1.25; per 1000, $9.00.

Paper White, Grandiflora (about 1500 bulbs in case), 12 to 15 ctm., per 100, 90c; per 1000, $8.00.

Paper White (Totus Albus), first size. Not desirable.

PAPER WHITE GRANDIFLORA, PRECOCIOUS

This is a special strain of Paper Whites selected by one of our best French growers. We have proved it to flower 10 to 14 days earlier than regular Grandiflora. You will find it of great value for early use.

Select Bulbs—13 centimeters and over, per 100, $1.50; per 1000, $10.00.

DOUBLE VON SION, True Dutch

We have a reputation of supplying the best "Yellow Daffodils" in America, having secured our supply for years in one locality, where it is known that these bulbs can be grown to better advantage than in any other part. We contract yearly for the stock of one large grower, and in this way secure the pick of the crop, supplying bulbs that will be equal to or better than those delivered by any other dealer. Our double-nose bulbs are especially fine, and will throw from two to three first-class flowers, especially recommended for growing in pans.

WE OFFER 4 SIZES OF VON SION

Von Sion, Mother Bulbs. We only get a limited quantity of these. The bulbs are extra large in size, and will throw three to five flowers each. Per 100, $3.50; per 1000, $28.00.

These Belgian grown plants, imported in bud and leaf, are difficult to deliver to our customer's home location in good order, as all plantsmen well know. We inspect and water, when needed, both at New York and Chicago. Below find our leading sorts. ***Deutsche Perle*** we import only at ***Buyer's Risk***

LILIUM LONGIFLORUM, Japan Grown

Japanese nurserymen have been making big profits on Lilium Giganteum and others of that class of Lilies, most of which are collected at small cost because of cheap labor there. These Japanese firms maintain expensive branches in the United States and England to dispose of these collected bulbs, but they apparently have spent but little for several years to secure true pure stock for the American florists' trade. Were it not for the fact that Lilium Giganteum has a dark stem, even this single one of the Longiflorum type could not be depended upon. So-called "Multiflorum," "Formosum," as well as other "Special" types, have been foisted on the American florists and proven many times to contain a big percentage of common Longiflorum. The Japanese give little heed to complaints of this condition, which makes it difficult for the American seedsman to give his customer honest redress.

Vaughan's Seed Store last season contracted through an English house in Japan for a liberal supply of these Lilies and fixed prices much lower than the "Japs," but still at a reasonable profit. Japanese nurserymen with American branches, envious of this large contract, used every effort to prevent delivery by buying up stock which had been promised to others and by advancing prices. Notwithstanding this, ***Vaughan's Seed Store*** delivered an average of over 75 per cent of its orders and at 20 per cent saving to American florists over former "Jap" prices.

Vaughan's Seed Store will again place its business in Japan with dependable Europeans and will deliver these Bulbs on a reasonable margin of profit, as its figures herein show. We solicit your support on the basis of straightforward dealing at reasonable prices. P. S.—If above interests you, write us for further information regarding "Little Brown Brother." We have it.

GIGANTEUM, Dark Stem

This variety has proven for the past four seasons to be the best all-round Lily of the Japanese sorts for Easter forcing. A strong, robust grower, it seems to resist the Lily disease, growers seldom losing over 10 per cent. The large, long trumpet flowers are equally good for pot plant or for cut; has been successfully forced for earliest Easter, and if grown properly we see no reason why it cannot be forced for early Easter of 1912.

	9 to 10 inch (200 to case).....	Per 100, 9 00	Per 1000, 85 00

MULTIFLORUM TYPE

While this variety has not given perfect satisfaction the past three seasons, through mixture of type and disease, many florists prefer it for Easter forcing. We believe the decreased demand will allow our growers to be more careful in rogueing their fields, and bulbs delivered this fall will be truer to type than those delivered in previous years.

L. LONGIFLORUM GIGANTEUM

L. LONGIFLORUM FORMOSUM

LILIUM FORMOSUM

This variety comes from islands off the Japanese coast. So far it has proven to be practically free from disease. Growers must not force Formosum in great heat. A cool house, 60 to 65 degrees, with plenty of moisture, is better, but they will certainly do best when grown in pots. The so-called Formosum seems to be a class rather than a single type, and starts into growth irregularly, so if in pots they can be shifted into sections representing varying heights, thus giving the growing plants of different heights proper light and proper watering.

PRICES:	6 to 8 inch (400 to case).....	Per 100, $4 00	Per 1000, $35 00
	7 to 9 inch (300 to case)	Per 100, 6 50	Per 1000, 55 00
	9 to 10 inch (200 to case).....	Per 100, 9 50	Per 1000, 85 00

LILIUM HARRISII, *Indispensable for Early Forcing*

While we do not claim that our "Harrisii" are absolutely free from disease, or that every bulb will produce a perfect plant, we do claim that our growers' efforts, in the way of spraying and rogueing, are producing results, our stock being now freer from disease than ever before, and of genuine "Harrisii" type. In fact, the best general crop grown on the island of Bermuda.

We will supervise the packing and shipping of the crop through our own representative, thus insuring careful grading, and preventing mixure of Longiflorum and other objectionable types.

LILIUM CANDIDUM, *"Thick Petaled"*

It is known to most growers of this Lily that there are two strains. The better one shows a wider flower, with petals much more firm and of greater substance. We import at a much larger cost the true ***"Thick Petaled Candidum"*** variety, and they have given our customers excellent satisfaction.

VAUGHAN'S "LONDON MARKET" VALLEY

SPIRAEA

We are very careful to import good large Spiraea clumps which have large, plump eyes, as these are the only kind that will give satisfaction when forced.

PINK SPIRAEA QUEEN ALEXANDRA

Entirely new departure in Spiraeas, introduced four years ago for the first time. Of a clear pink color with dense compact spikes, the plants are most attractive and equally as strong and vigorous as the white varieties. One of the most interesting novelties of recent years. **Per doz., $1.90; per 100, $11.50. In New York, per doz., $1.75; per 100, $11.00.**

ASTILBOIDES FLORIBUNDA

New, strong and more developed than the common Astilboides, from which it is a sport, produces large, pure white plumes and is unquestionably one of the best Spiraeas. **Per doz., 95c; per 100, $7.00. In New York, per doz., 90c; per 100, $6.50.**

ASTILBOIDES SUPERBE

A splendid new variety which makes a beautifully shaped plant with abundant flowers (20 to 30 on a good plant) on strong stalks. **Per doz., $1.00; per 100, $7.50. In New York, per doz., 95c. per 100, $7.00.**

BLONDIN

One of the best varieties for Easter. **Per doz., 95c; per 100, $7.00. In New York, per doz., 90c; per 100, $6.50.**

COMPACTA MULTIFLORA

Grows from 6 to 10 inches in height and produces larger and finer plumes than Japonica. It is about two weeks earlier. **Per doz., 95c; per 100, $7.00. In New York, per doz., 90c; per 100, $6.50.**

GLADSTONE

Without question one of the best "Spiraea" on the market. Makes a healthy, vigorous plant with spikes of flowers borne well above the foliage. Order early, as supply for past three years has been very short. **Per doz., $1.40; per 100, $9.50. In New York, per doz., $1.25; per 100, $9.00.**

JAPONICA

Extra strong clumps. **Per doz., 75c; per 100, $5.50. In New York, per doz., 70c; per 100, $5.00.**

AUBURN, WASH.—The first lot of Valley, planted April 1st, is just coming into bloom, and would like to say that these are the finest we have ever grown.

THE AUBURN GREENHOUSE COMPANY.

LILY OF THE VALLEY

In packing and grading the Lily of the Valley Pips for our trade, pips of one type and style of growth, raised on the same soil, will be branded separately, so that the customer receiving a certain number and brand from us and forcing it to his satisfaction can depend on the same grade right along until sold out and will be advised by us when the grade is changed. This, we believe, will be much more satisfactory to the forcer than the former indiscriminate method of delivering all kinds and shapes of Valley under one brand, the planter never knowing what kind of a pip would open up in the next case received.

VAUGHAN'S LONDON MARKET BRAND

We introduced this select forcing pip to our Florist customers some years ago and it has given excellent satisfaction. The pips are large and plump with long fibrous roots. There is but one "London Market" quality and we control the selected pips of the entire crop, which is limited. **Per 100, $1.75; per 1000, $14.00; per case of 2500, $34.40; per 5000, $67.50.**

Note: We sometimes have a sample lot of 50,000 pips of "Extra London Market," which we offer at: **Per 100, $2.00; per 1000, $16.00.**

PREMIUM BRAND

This is a high-grade pip for late forcing and should not be compared with regular Hamburg stock offered at much lower prices. **Per 100, $1.50; per 1000, $12.00; per case of 2500, $29.40; per 5000, $57.50.**

INTERNATIONAL BRAND

This is a good every-day forcing Valley Pip, Hamburg grown, first size. **Per 100, $1.25; per 1,000, $10.00; per case of 2,500, $24.40; per 5,000, $47.00.**

COLD STORAGE VALLEY PIPS

Our Cold Storage Valley gives excellent satisfaction, giving strong spikes of bloom with from 12 to 14 bells and plenty of foliage. When orders are placed with us for cold storage stock, we set same aside, but cannot be responsible for not being able to produce the pips if same have been destroyed by fire or any other cause beyond our control. We accept no responsility whatever for results in forcing.

PRICE—Per 100 and less than 500, $2.00; per 500, $8.00; per 1000, $15.00; 2000, $28.00.

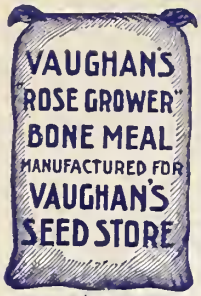
FERTILIZERS.

Prices on fertilizers are net cash.



VAUGHAN'S "ROSE-GROWER" BONE MEAL.

This is a special brand we have put up for our trade. It is ground fine, hence acts quickly. It is made from bone accumulated in large slaughter houses, and should not be compared with Bone Meal made from cattle heads and feet gathered on the western prairies. Our "Rose Grower" Bone has been slightly steamed to soften it so it can be ground fine, and is thus quicker in its action. A finely ground bone can also be more evenly distributed through the soil. Analysis—Ammonia, 4½ to 5½ per cent; total Phosphoric Acid, 22 to 25 per cent; total Bone Phosphate, 48 to 54 per cent.

VAUGHAN'S PULVERIZED SHEEP MANURE.

Pure, dry, finely ground, put up in 100 pound sacks. Our supply is of uniform quality, saved under shelter and not leached. Our customers using it may, therefore, be certain of uniform results. More than half a million sheep come into this market annually, and are kept in great barns until killed or shipped. The manure we supply is not adulterated, nor has it lost its strength in any way.

DRIED BLOOD, why not use it? For top dressing, for mixing with the soil and applying in liquid form, it is one of the best and safest nitrogenous fertilizers. It is splendid for roses, carnations, mums, all kinds of pot plants, etc.

Price, F. O. B. Chicago: 5 lbs., 35c; 10 lbs., 60c; 25 lbs., $1.25; 100 lbs., $3.85; F. O. B. New York: 5 lbs., 40c; 10 lbs., 65c; 25 lbs., $1.35; 100 lbs, $4.35.

It is lasting and especially recommended for use in palm soil and on other plants which are not shifted very often, and where a continuous, lasting supply of plant food is required. Price: 5 lbs., 25c; 10 lbs., 45c; 25 lbs., 90c; 100 lbs., $3.00.

CLAY'S FERTILIZER. This valuable imported manure is especially recommended. 7 lbs., 75c; 14 lbs., $1.25; 28 lbs., $2.00; 56 lbs., $3.50; 112 lbs., $6.00. If shipped from New York $5.50.

Seibert's Improved Glazing Points.

Easy to drive and made so that they will not wedge or crack the glass in driving them. The head answers two purposes: First, it gives a good surface and makes it very easy to drive with a chisel. Second, the point is very easily pulled out when repairing greenhouse roofs. They are made in two sizes, ⅝ and ⅞ inch long, and are put up in 1-pound packages. Price: Per lb., 40c; 5 lbs., $1.85; 20 lbs., $7.00.

There are over 1,500 points in a pound package of ⅝.
There are over 1,000 points in a pound package of ⅞.

MASTICA for glazing greenhouses. The use of "Mastica" avoids the necessity of repeatedly reglazing the houses, saving much time and expense. With "Mastica" can bed in or use outside with machine. Broken glass can be easily removed and replaced by new without the breakage of other glass, which usually occurs with hard putty. One gallon will cover about 290 running feet (one side). Price: Per gal., $1.35; 6 gals., $7.65; 10 gals., $12.15; 22 gals., $25.25.

TWEMLOW'S Old English Glazing Putty. By using this putty greenhouses can be glazed in half the time and for less money than if ordinary putty is used. It will take five gallons to glaze a house 100x20 feet, at a cost of $5.75; against 200 pounds ordinary putty, which will cost about $6.00. Being semi-liquid, it can be put on with an ordinary putty bulb very quickly, and as it never becomes hard, broken glass can always be removed without danger to the other lights. Price, per gal., $1.60; $7.75: 10 gals., $15.50; 25 gals., $37.50.

SCOLLAY'S Putty Bulb. A useful tool, similar to the well-known Scollay Sprinkler, with a tube instead of a spray for applying liquid putty in glazing greenhouses. Each, 90c; 3 for $2.55; doz., $9.50.

If by mail add 10c each for postage.

PRICE ¾ INCH.

1 to 24 feet	19c per ft.	50 to 99 feet	17c per ft.
